DETAILED ACTION

1. Applicant's communication filed on March 17, 2006 has been carefully studied by the Examiner. The arguments advanced therein are persuasive and the rejections based upon prior art made of record in the previous Office Action are withdrawn.
2. The terminal disclaimer filed on June 7, 2006 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of any patent granted on Application number 10/280,505 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

3. Claims 1-6,8-10 and 17-28 are allowed.
4. The following is an examiner's statement of reasons for allowance: In view of Applicant's arguments, Delwala is not deemed to provide basis for the second semiconductor layer laterally divided into two regions including a first region, into which fabrication of microelectronic circuitry has not yet begun, being of a quality that is sufficient to permit microelectronic circuitry to be fabricated therein at a later time, and a second region including an optical signal distribution circuit as claimed in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
